ROTARY FINISHING INSTRUMENTS / 2026

A complete range of head geometries.

Explore 144 references across five product families. Each product card shows the instrument, its head dimensions and a unique order code.

Green Stones

Medium-grit grinding stones

Diamond-bonded stones for finishing and material reduction. Wheels, cones, cylinders, points and balls.

SC-HG / 39 REFERENCES

Blue Stones

Fine-grit grinding stones

Fine grinding stones in a broad range of head profiles for contouring and surface refinement.

SC-HB / 39 REFERENCES

Yellow Stone

Fine-grit grinding stones

Fine stones for adjustment and smoothing. Selected wheel, cylinder, point and rounded profiles.

SC-HY / 24 REFERENCES

Polishing Rubber

Wheels, points and spirals

Polishing instruments in multiple colours and geometries. Select the appropriate instrument for the restoration.

SC-HR / 33 REFERENCES

Mix Rubber

Multicolour polishing wheels

Assorted multicolour wheels in three colour groups. The complete reference identifies the pictured instrument.

SC-HM / 9 REFERENCES

MAKE THE RIGHT COMPARISON

Choose the instrument for the task.

Start with the material and intended finish. Then compare the head profile and dimensions before selecting the exact reference.

01**MATERIAL & FINISH**

Choose the grinding or polishing instrument appropriate for the restoration and the required finishing stage.

02**HEAD GEOMETRY**

Compare wheels, cones, cylinders, points, balls and spirals. Head diameter and length are stated in millimetres.

03**EXACT REFERENCE**

Use the complete SC code and quantity when ordering. Match the shank to the handpiece and follow the instrument instructions.

READ THE REFERENCE, NOT ONLY THE COLOUR.

Colours identify the pictured instruments. Grit descriptions and intended uses are specific to each product; a colour is not a universal performance or speed rating.

A CATALOGUE BUILT FOR ORDERING

Everything needed on one product card.

BLUE STONES

Cylinder head

6.5 x 13 mm
Head diameter x length

HP shank SC-HB-0018

Images retain their head-to-shank proportions. They are not a 1:1 dimensional drawing.

ANATOMY OF AN ORDER CODE

SC – HB – 0018

SC SPECTRA catalogue prefix

HB Blue Stones product family

0018 Reference number within the family

To order, send the full SC reference and quantity. Dimensions refer to the head, not the overall instrument length.

Green Stones

Medium-grit grinding stones

Diamond-bonded stones for finishing and material reduction. Wheels, cones, cylinders, points and balls.
